FADDOM

Real-Time Infrastructure Insights at First National Bank of Sioux Falls with Faddom

Faddom helped First National Bank of Sioux Falls simplify infrastructure oversight while supporting change management, inventory discovery, optimization, cloud migration, and cybersecurity. As **CTO**, Troy Clavel was looking for a fast, low-effort platform that could deliver immediate results across the IT environment with minimal deployment effort.

Organization Details

- Industry: Banking
- Employee Size: 200-500
- Location: South Dakota, United States -
With **Faddom**, First National Bank of Sioux Falls gained the clarity and agility to manage and optimize their IT landscape with confidence.

Accelerated Visibility and Value

Real-time mapping delivered actionable insights within minutes, with minimal deployment effort.

Cloud & Optimization Readiness

Clear application dependencies helped streamline cloud migration and eliminate resource waste.

Security-Aligned Architecture

Deep visibility into internal traffic and assets improved cybersecurity posture and reduced risk.

FAST
Fully deployed within 60 min.

SECURE
No agents or credentials needed.

COST-EFFECTIVE
Pricing that makes sense for you.

Agentless Application Dependency Mapping

Faddom is an **agentless platform** that helps organizations across different industries and regions visualize their entire on-premise and cloud infrastructure as business application maps in **as little as 60 minutes.**

Be proactive and plan ahead by always having dynamic, accurate IT documentation that **updates continuously and automatically 24/7.**

> **Faddom has been instrumental in streamlining our business by providing real-time visibility into our complex IT infrastructure.** The deployment was straightforward, and we saw immediate value.

Troy Clavel
CTO at
First National Bank of Sioux Fallx

Troy's experience with Faddom at First National Bank of Sioux Falls highlights how *real-time visibility and rapid deployment* can simplify IT operations, strengthen cybersecurity, and accelerate transformation in the highly regulated banking sector.
